

2018 Summer Academy Descriptions

MONDAY, JUNE 18 8:30-11:30 @ WOVSED Hood Center, Norris City

Eight Minute Class-Wide Math Intervention

This intervention utilizes empirically validated interventions to remediate basic math fact skill deficits through class administration. This presentation will review the intervention and provide website information for the free materials.

Angela Taylor, School Psychology Doctoral Intern
(3 PD Hours)

MONDAY, JUNE 18 12:00-3:00 @ WOVSED Hood Center, Norris City

RTI for Behavior? How does that work?

RTI can be tricky to understand, especially for behavior, social functioning, and emotional difficulties. This presentation will review the RTI structure for non-academic aspects of student functioning, including screening, progress monitoring, assessment, and interventions.

Katie Bang, School Psychology Doctoral Intern
(3 PD Hours)

MONDAY, JUNE 18 8:00-3:30 2 DAY TRAINING @ Crossroads Bible Church, Norris City

Safety Care Training— Crisis Prevention & Behavior Intervention Strategies: Day 1 \$30 Fee for this 2 Day Session

This 2 day training will showcase different strategies for incident prevention and behavior management. Similar to CPI this training will offer physical management techniques for crisis situations in the classroom. This is a great session for teachers and their aides! Please note this training begins at 8:00am and lasts till 3:30pm and participants are required to attend both days.

Whitney Tripp, MSW, WOVSED School Social Worker
(14 PD Hours Total)

TUESDAY, JUNE 19 8:30-11:30 @ WOVSED Hood Center, Norris City

Life After School...Now What?

This session will discuss the importance of providing meaningful activities and empowering students to make it in the “real world”. A discussion on services that will promote success for students with disabilities after high school will also be provided.

Alisha Black, WOVSED Pre-Vocational Coordinator
(3 PD Hours)

TUESDAY, JUNE 19 12:00-3:00 @ WOVSED Hood Center, Norris City

More Power to You!

Participants will learn the features of the Power IEP programs and how to navigate the system. In addition, they will review how to write observable and measureable IEP goals.

Jennifer Acord & Monica Girtten, WOVSED Assistant Directors
(3 PD Hours)

TUESDAY, JUNE 19 8:00-3:30 2 DAY TRAINING @ Crossroads Bible Church, Norris City

Safety Care Training- Day 2

Continuation of Day 1

WEDNESDAY, JUNE 20 8:00-3:30 @ WOVSSED Hood Center

Safety Care Refresher Training

This refresher training will help reinforce skills learned previously in the initial 2 day training. The presentation will help teachers and staff members gain the confidence necessary to handle crisis situations with minimal anxiety and maximum security. Staff will learn how to intervene more safely when behavior becomes dangerous without damaging the professional bond.

Ashley Taylor, MSW, WOVSSED School Social Worker

(7 PD Hours)

THURSDAY, JUNE 21 8:30-11:30 @ WOVSSED Hood Center, Norris City

Use Your Core in the Classroom! Implement the use of Core Vocabulary through AAC

With so many words in our language it is impossible to identify every word that your student might say, but with core vocabulary you do not have to. Vocabulary selection can be a very challenging task, and finding the right vocabulary can often make or break the success of augmentative and alternative communication in the classroom. In this presentation, we will go over the definition of core vocabulary. Participants will be able to identify which type of words fall into this category, and list a variety of AAC tools and strategies to implement while using your core in the classroom.

THURSDAY, JUNE 21 12:00-3:00 @ WOVSSED Hood Center, Norris City

Let's Get Visual! Visual Strategies for All

Visual supports are defined as an evidence-based practice in improving communication, understanding and social skills for students with Autism Spectrum Disorder (ASD). Participants of this session will learn why and how visual systems are implemented in multiple facets of the classroom. Low to high tech examples will be shared to demonstrate how visual supports can practically be integrated in classroom activities. Visual supports to aid in the in the classroom environment, behavior and communication will be demonstrated.
